To the Trustees of the Wayland Public Library:-

We are hampered considerably by the lack of books of reference for use in the High School. The ordinary books and supplies have nearly exhausted the town appropriation for that purpose.

Would the Trustees be willing to purchase some books for reference purposes in History and Literature, if the high school teachers will prepare a list of such books as are needed? It would greatly facilitate our work and assist us in raising the standard of the instruction in those subjects.

Respectfully,

S. C. Hutchinson

Mr.Alfred W.Cutting,
Secretary of Trustees,
Wayland Public Library,
Wayland,Mass.

My dear Mr. Cutting:-

In accordance with your communication of October 10,1907, I am enclosing a list of books for reference work in English History and in connection with the study of French. I do not think that I mentioned French in my communication to the trustees,but I asked each teacher to make out a list of books adapted to the work of that one of his or her classes that stood in the greatest need of reference material. Two teachers have responded with the lists that I submit herewith. They have looked the books up very carefully,and have recommended nothing but what they are positive can be used to advantage.

On my part,I shall endeavor to see that the books are used,if they are purchased.

Respectfully yours,

S. C. Hutchinson

Trustees of the Wayland
Library

Dear Sirs:

Being unable to be present this evening I would like to place before the meeting one or two suggestions in relation to the Branch Library at Cochituate.
There seems to be a scarcity of attendants above the age of fourteen and those mentioning & remarking on this fact I think would often grace the place with their presence provided in bad hours for

the juvenile class limited. The majority are very young. The room is very orderly and a better choice for librarian I do not think we could make. Last but not least, in case a change of librarian is made, Miss Reed, who was with Mr. Gerald, and has had considerable experience, wishes her name placed before the trustees as an applicant.

Respectfully yours,

A. A. Carter.

Would the Library of Wayland care for a case of miscellaneous books? such as bound copies of the Century magazine, books, etc.?

If so, I would be glad to send the case to the Library, if told at what entrance to deliver it.
